SC Aquariums-any thoughts on this tank company? | Reef2Reef 64. Location. Rocky Mountain High. Rating - 0%. 0 0 0. I'm looking at purchasing a 150g from SC Aquariums. Would love to hear feedback on positives, negatives, quality, shipping from this company. Specifically looking at running a bean animal overflow. The tank comes with 3 overflow holes in the center which they said could be used for this.. SC aquariums | Reef2Reef Bad seams, misaligned overflows, cheap glass quality, misdrilled or cracked glass for the bulkheads. The Tanks and PNP systems are not a bad deal if you're looking to cut corners or save money. Their stands are junk. The Skimmers and pumps offered in the PNP systems will last only about 6mo and the plumbing is cheap.

Forum list | Reef2Reef - REEF2REEF Saltwater and Reef Aquarium Forum A place where reef hobbyists can conduct, collaborate on, and discuss experiments and research to benefit reefing. These might include but are not limited to: 1) Microbiology experiments - including cycling, 2) Product experiments., 3) Quarantine experiments., 4. Theories based on new trends in reefing, and 5) other types of research.. Best/worst aquariums manufactures (what to buy & who to avoid) Tank \$700. Stand \$400 (unfinished) Sump \$300. Paint and stuff to finish the stand \$75. Misc plumbing parts \$75. Basically out the door I got a reef ready setup for just over \$1500 plus a couple days work finishing the stand. What blew the wallet out of the water was the lights. lol.

Marketplace | Reef2Reef - REEF2REEF Saltwater and Reef Aquarium Forum NatanylJames. California Dry Goods Bubble Magus T11 dosing pump (3 new heads) and Reef Octopus Co2 skimmer lid and Co2 Reactor w/media. Price: 20 - 120. Shipping NOT Available. LA Reef Addict. 3 minutes ago. Selling Forum (dry goods) Replies. 1.. Seapora or aqueon for a tank | Reef2Reef I have never dealt with seapora before, so I am interested in hearing the good bad and ugly. The corner overflow is better imo. The offset creates a void of sorts for flow and can hinder the aqua scape a bit. Both tanks are of comparable quality and should be around the same price. If it was me, I would go with the corner overflow. Feb 25, 2021.

Has anyone had any experience with Planet Aquariums? Got mine with eurobracing. They made it double thick with an inset plastic trim piece to rest a screen top. And it has a hybrid bottom of abs, glass and pvc. Starphire front pane. Definitely nicer than my previous DSA tank. Silicone work isn't ReefSavvy perfect, but it's pretty good. On par with DSA. Jul 23, 2015. #9.. Reef Aquarium Discussion | Reef2Reef Discuss all saltwater and reef aquarium related topics here. Have a question or general aquaria thought? Share it here.
