The Backstage Handbook: An Illustrated Almanac of Techn... First published in 1988, Backstage Handbook is one of the most widely used stagecraft textbooks in the United States, with about 10,000 copies sold every year. This handy reference book brings together under one cover an incredible variety of information useful to designers, technicians and students Backstage Handbook: An Illustrated Almanac of Technical Information ... It is exactly as advertised, a handbook. It's chocked full of drawings of simple tools, diagrams, knot tying examples, stage layouts and such. This would benefit a stage hand starting out in the field and helps with terminology but provides no ideas or helpful hints on how to improve your career field.
