The Unix Hater's Handbook (PDF) : r/unix - Reddit The Unix-Haters Handbook is a semi-humorous edited compilation of messages to the Unix-Haters mailing list. The book was edited by Simson Garfinkel, Daniel Weise and Steven Strassmann and published in 1994.

The Unix-Haters Handbook (1994) [pdf] | Hacker News At the time (1994) the handbook was written reasonably priced alternatives were MacOS and Windows, both of which froze all the time and had horrible programming environments. AIX, non-free, was notoriously horrible, too. And the Wirth systems that you promote here were actually free.. The Unix Haters Handbook (1994) [pdf] | Hacker News 9) UNIX Standards One standard is not enough From: DW Date: Fri, 6 Mar 92 15:50:02 PST Subject: Re: New Mailing List For The Unix Haters Handbook. I had been planning to spend a month in the very near future solely working on some sort of unix-haters book. I've been collecting "best of" for a while now, with the creation of a book in mind.

[PDF] The Unix-Haters Handbook - Semantic Scholar The Unix-Haters Handbook. Daniel Weise, S. Garfinkel, Steven Strassmann. Published 1994. Computer Science. TLDR. An API is important because it enables further extension of the system; it is a clean base upon which to build and forms a basis for expansion, for portable files, for a cottage industry. Expand.. The UNIX-HATERS Handbook: Two of the most famous products of Berkeley ... In the tradition of 12-step programs that help people overcome their addictions by sharing stories, The UNIX-Haters Handbook is the self-help guide for people affected by the world's most esoteric and most widely used operating system. This book is for all people who are forced to use UNIX. It is a humorous book - pure entertainment - that ...

The Unix-Haters Handbook - Art Unix sucks, so we wrote the Unix-Haters Handbook: It even comes with a free Unix Barf Bag! Please read the Preface to the UNIX-HATERS HANDBOOK, to find out it's all about! To get your bile churning, here is the chapter on The X-Windows Disaster. The Unix Haters Handbook is published by IDG Books Worldwide, Inc. 155 Bovet Road, Suite 310, San The UNIX-HATERS Handbook - Wikipedia The UNIX-HATERS Handbook is a semi-humorous edited compilation of messages to the UNIX-HATERS mailing list. The book was edited by Simson Garfinkel, Daniel Weise and Steven Strassmann and published in 1994. Contents. The book concerns the frustrations of users of the Unix operating system.

UNIX Haters-Handbook The UNIX-Haters Handbook is edited by Garfinkel, Weise and Strassmann, and published by IDG Books, 1994, ISBN 1-56884-203-1. Now available in PDF format for free download! I found myself laughing out loud on the bus while reading it. I even described it to my wife as "fun reading" as opposed to "work reading." It is often cruel and sarcastic The UNIX-HATERS Handbook: Two of the most famous products of Berkeley ... The UNIX-HATERS Handbook: Two of the most famous products of Berkeley are LSD and Unix. I don't think that is a coincidence. - Kindle edition by Garfinkel, Simson, Weise, Daniel, Strassmann, Steven , Klossner, John. Download it once and read it on your Kindle device, PC, phones or tablets. Use features like bookmarks, note taking and highlighting while reading The UNIX-HATERS Handbook: Two ...

The Unix Haters Handbook - Hacker News A classic and great book. For those of us like the primary editor (Simson Garfinkle, a few years younger than me and also a member of MIT's "computer club"), who were not entirely pleased to see UNIX win while too many of the critical concepts behind Multics, ITS, Lisp Machines, NeWS, etc. were lost (well, at least we got job control from ITS), it still has significant value.. The Unix Haters' Handbook (Take it with many grains of salt) The Unix Haters' Handbook (Take it with many grains of salt) I'm only 77 pages in, but a good chunk of the early book could, very easily, be seen as why we are all running Linux instead of pretty much any other UNIX variant on the planet. It wasn't made by a hardware vendor, it avoided some of the traps described, and once you had Linux running ...

The UNIX- HATERS Handbook - dmrthesis.net No Gulag or lice, just a future whose intellectual tone and interaction style is set by Sonic the Hedgehog. You claim to seek progress, but you succeed mainly in whining. Here is my metaphor: your book is a pudding stuffed with apposite observations, many well-conceived. Like excrement, it contains enough undigested nuggets of nutrition to The Unix Haters Handbook : Simson Garfinkel : Free Download, Borrow ... These are references to Ken Thompson and Dennis Ritchie, the creators of Unix. Dennis provided an "anti-foreword" which the authors placed near the beginning of the book.
